Reflection

1. Describe the process of binding a book.

2. In terms of design, what are the best aspects of your book? (Use art terminology in your response – remember those elements of art and principles of design!)

3. Looking at the artwork you made over this year, what are your artistic strengths? (Use your art vocabulary.)

4. What are your areas of growth? (Think about the skills or concepts you struggle with). Use your art vocabulary.

5. Looking at your portfolio of artwork, which elements and principles were most influential to your work?

6. We spent some time looking at artistic styles from different art movements. Every artist has their own particular way of making art. If you had to describe your personal artistic style to someone over the phone, what would you say? Use art terms!

7. What was your favorite project this year? Why?

8. Where there any projects you think should be changed for next year's class?
